Great Plains Rent-All Opens New Store in Durant

May 12, 2008 (Durant, OK) – Great Plains Rent-All has opened a new store on State Highway 70 West in Durant. The new store was opened as a part of the company's goal to better serve the needs of the people in Southern Oklahoma.

"Southern Oklahoma is our home and we are thankful that our local economy is allowing us the opportunity to expand. We are looking forward to being a part of the growth that is planned for the Durant area," said Todd Clark, owner. "Geographically, our new Durant location is a perfect fit with our plans to have five locations in the Southern half of the state."

The new location sits on approximately three acres on the fast growing west side of Durant. The store offers a wide range of tools and equipment used in home projects and repairs, construction, oil field, plant maintenance and agriculture. The address is 4804 Highway 70 West and the store's phone number is 580-920-1963.

"We have the youngest and most well maintained fleet around and have the tools and equipment to make your weekend or major construction project easier. I really enjoy showing customers what we have to offer and providing solutions for their next project," said store manager Frank Serrano.

Great Plains rents quality brand name equipment from Caterpillar, Kubota, Land Pride, Genie, Hilti, Bil-Jax, Stihl, Sullivan and many others. The new store is also the Authorized Hilti Distributor for this area and sells a variety of tools and construction supplies including a large selection of Marshalltown products.

Patrick Latona, sales representative for the Durant store said, "Great Plains Rent-All is a big enough company to take care of all your rental requirements, but as a small independent company we can still offer that old fashion quality personal service and support."

About Great Plains Rent-All: Great Plains Rent-All is a wholly owned subsidiary of Great Plains, Inc.
